SEASON GREETING'S

I bring season greetings from Cambodia
We thank God, for giving us the joy and privilege of being part of Christian mission in Cambodia. We rejoice with great thankfulness as we reflect and try to bring out this year end Newsletter.

The Lord has proved Himself faithful and entirely true to His promises regarding this work and constantly amazes us with His provision and blessings. Below is the summary of our journey of faith so far.

Thank you for joining us through your support and prayer, in taking this challenging venture. God is working and will work with us because we are united with one heart in his presence and Name. We are closing the year with great stories He has done and looking forward for the great year ahead of us.

We really appreciate all of your encouragement, prayer and support even in the coming years!

Sincerely

Gihaka sva & Toka

MINISTRY UPDATES

BIBLE STUDY

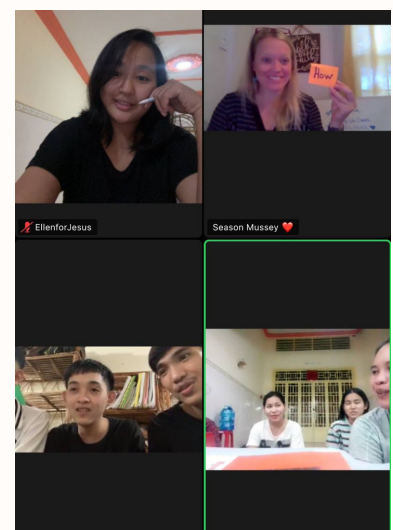

STAY FOCUS & CREATIVE

Many of the students who are in Halls are non Christian and we really felt that they need to know the person Jesus likewise, we introduced a series Bible study on "I am" we come every friday 8:30-9:30 pm and dig into His word. We are grateful to Missionary Wibonbou Abonmai for willing to help us take classes. Its going very well and very happy to see the response of the students. Through this Bible study they started to raise questions. We hope and pray that by the end of the Bible study we will be able to conduct a water Baptism for those who really understand and accept Jesus as their personal saviour.

ENGLISH CLASS IN PARTNERSHIP WITH INTERNATIONAL MINISTRY (US)

Grateful to International Ministry for helping us out in teaching English to our University Student's through online. We wanted to see that the students learn to be confident in English speaking and amazingly by the end of the class some started to interpret in our sunday fellowship and alot of them become confident in speaking English. We wanted to take English Class to another level likewise, we incorporate Bible study. We wanted to let them learn English at the same time grow in their faith. We did some classes from the book of Daniel but due to inconvenience of time we stop and continue to do it in person. we are happy and grateful that we could able to take our students to another level through this program.

CAMPSITE AND FARMING

Things have been very slow at the campsite after the pandemic but we continue to work things out in a very slow pace. We are grateful to Saran family and Sokea for being faithful even during this difficult time. Our campsite is not much in use. We continue to do farming in small scale and trying to plant trees around campsite. We pray that God will continue to guide and lead us in taking this project forward in the coming years. Your prayers are really appreciated
